PROFILE OF JOE WOLFARTH, ASTROLOGER AT DAYTONA BOOKS AND METAPHYSICS SPECIAL EVENTS

When asked about how he discovered the power of astrology and of natal charts in particular, Joe recalls an experience in which he opened an astrology book in a historic downtown Woolworth's in Chicago which invited readers to "Create your Own Star Chart." Joe said, "So I looked up my chart and it was a like a question, like a prayer--I said to myself that if something truly resonates with me, in creating my star chart, that perhaps there's a system there that I can work with. And I opened to the next section and that resonated as well, and it was such an intimate and private version of me that only certain people knew--and it was also funny at times, and the next section I read was the same way."

Joe's experience sent him on his path to reading for others professionally. When asked why he'd love to create your star chart, he said, "I love the way that human beings are a unique soul manifesting in a human body. Like fingerprints, each one distinct. Like shells on the beach, there's not another one like you. You are a unique souls in the vessel of a human body. It's so unique and uplifting--I get a natural high from interpreting someone's start chart."

Originally from Daytona Beach, Joe went to the prestigious School of the Art Institute of Chicago. But Joe relates how his true awakening occurred during his five years in Minnesota when he experienced a profound spiritual transformation: "My heart opened and I experienced an intense period of psychic understanding. And it was an important time of opening and blossoming. I now feel like a true world citizen. These are all my people."

Which is probably why customers of Daytona Books and Metaphysics are already drawn to him, and to his open and communicative nature. He is truly a student of the store and of life, and his work as an astrologer reflects the depth of his spirit and his kindness.

Book an astrological reading with Joe for \$75.00 and take home your star chart as well as his insights on your life path!
