

A PLACE IN OUR COMMUNITY

Zahn Engineering has been providing Civil Engineering, land planning and permitting services in the Volusia County area since 1978.

The firm has experience in areas including:

land planning, feasibility studies, zoning and land use, site plan design & permitting, water and sanitary sewer design and permitting, storm water management system design and permitting, subdivision design, and construction management.

In 2014, We had the pleasure of working with:

Metra Electronics

Sun Viking Lodge

Daytona Playhouse

Callalisa Creek Vistas

Pineland Subdivision

If your business, your neighbor, or a charitable organization you work with needs any of the following services in 2015 or beyond...
