TORTUGAS CARE CHARITY FOUNDATION ISSUES FIRST GRANT

The Tortugas Care Charity Foundation issued their first \$500 grant to The Miracle League of Volusia County last week.

The Tortugas Care Charity Foundation was founded in September of 2016 by the ownership group of the Daytona Tortugas, with the mission of enriching the lives of youth in the community through physical education and sports. With the Daytona Tortugas serving as an affiliate of the Cincinnati Reds, a partnership with a local

foundation impacting the lives of youth through baseball is the perfect marriage.

Miracle League of Volusia County was formed in early 2015 and will give those with special needs the opportunity to play America's favorite pastime. The city of New Smyrna Beach, Florida, has donated land for the future home of our local Miracle League; however, there is still a dire need to raise funds to officially break ground.

For more information on The Miracle League of Volusia County, and ways that you can help get 13,000 school-aged children to step up to the plate, please go to

<http://www.miracleleaguevolusia.org>

And please like the Tortugas Care Charity Foundation [Facebook page](#)

Stay tuned for our next edition of the 'Tugas Tribune. Thank you for your support of Daytona Tortugas Baseball! We can't wait to see you back at The Jack!

Sincerely,

The Daytona Tortugas
