**Is it ordinary memory loss or Alzheimer's?**

Everybody forgets little things occasionally, such as where they put their glasses or the name of a person they just met. But when does memory loss become a cause for concern?

Find out at 1 p.m. Wednesday, May 17, when Damarys Melendez discusses the 10 warning signs of Alzheimer's disease at the Daytona Beach Regional Library at City Island, 105 E. Magnolia Ave., Daytona Beach.

Melendez, associate director of programs for the local chapter of the Alzheimer's Association, will discuss the brain disease and other types of dementia.

Reservations are required; call the Alzheimer's Association at 800-272-3900.

The program is co-sponsored by the Friends of the Daytona Beach Library.

The library is open from 1 to 5 p.m. Sunday, 9 to 7 p.m. Monday through Thursday, and 9 a.m. to 5 p.m. Friday and Saturday.
